To Whom It May Concern:

On behalf of The Covington Canyon House and the Life Enrichment department, we would like to applaud The SOS Dance Crew "Seniors Over Sixty" and Susie Vanderlip, Program Director, for their commitment and dedication to our residents.

The SOS Dance Crew has been providing excellent live dance entertainment for The Canyon House residents for one year. They continue to bring enjoyment and fulfillment to our seniors through the beautiful choreography and different costumes. They capture the attention and interest of every resident whom attend.

We greatly look forward to more performances from the SOS Dance Crew and can say with complete confidence that we would recommend them for other entertainment programs.

Thank you.
